Ipca Career Wings — Privacy Policy

Ipca Laboratories Limited

Effective date: November 2026 | Version 1.0

1. Who We Are

Ipca Laboratories Limited ("Ipca", "we", "our" or "us") operates the Ipca Career Wings application ("App") to manage recruitment and job applications. This Privacy Policy describes how we collect, use, disclose, retain and protect personal data in accordance with applicable Indian law, including the Digital Personal Data Protection Act, 2023, to the extent applicable.

2. Personal Data We Collect

Depending on your use of the App and the recruitment process, we may collect the following personal data:

- Identity data: name, date of birth, PAN number, passport number (if applicable), photograph, and identity-verification details obtained through Aadhaar-based DigiLocker or offline e-KYC, including a masked Aadhaar number or Aadhaar Reference Number, as applicable. Any Aadhaar information stored in the App is encrypted and protected using appropriate security measures.
- Photographs: a live selfie captured for identity verification and a profile photograph captured or uploaded by you.
- Contact data: mobile number, email address and residential address.
- Education data: academic qualifications, educational institutions and marks obtained.
- Employment data: previous employers, designations, salary history, experience letters and payslips.
- Biometric data: facial information processed for identity verification, where applicable.
- Application documents: résumé, marksheets and degree certificates.
- Health or medical data: information relevant to fitness for work, workplace safety, statutory requirements or employee benefits, where required and permitted by law.
- Video interviews: the App may facilitate live video interviews. The App does not record or store interview sessions.

3. Camera and Microphone Permissions

The App accesses the camera or microphone when you use a feature that requires it:

- Camera: to capture a selfie for identity verification or a profile photograph. You may upload an existing profile photograph where the App permits.
- Camera and microphone: to participate in live video interviews. Interview sessions are not recorded or stored by the App.

You can manage these permissions through your device settings. Denying permission may prevent you from completing the relevant feature.

4. How We Use Personal Data

We use personal data for the following purposes, to the extent necessary:

- Identity verification and recruitment-related checks.
- Receiving, processing and evaluating job applications.
- Communicating application updates, interview schedules and offer-related information.
- Conducting live video interviews.
- Verifying education and employment information provided by candidates.
- Meeting applicable legal, regulatory and statutory obligations.
- Protecting Ipca's premises, systems and personnel.

- Establishing, exercising or defending legal claims.

We do not use personal data for marketing or for purposes unrelated to recruitment, unless otherwise disclosed and permitted by law.

5. If You Do Not Provide Personal Data

If you do not provide information or permissions necessary for a particular recruitment activity, we may be unable to verify your identity, process your application or consider you for the relevant role.

6. Sharing and Disclosure

6.1 Service providers

We may share personal data with service providers that support the App and recruitment process, subject to appropriate contractual and confidentiality safeguards:

- Aadhaar or identity-verification provider, where applicable.
- Zoom or another video-conferencing provider for live interviews.
- Amazon Web Services (AWS) for hosting and infrastructure.
- IT, HRMS and other service providers supporting the App.
- Auditors and legal advisers, where required for audits, compliance or legal advice.

6.2 Recruitment-related recipients

- Ipca group companies, subsidiaries and affiliates, where candidates are considered for suitable roles and such sharing is permitted.
- Authorised recruitment consultants supporting the hiring process.

6.3 Legal disclosures

We may disclose personal data to UIDAI, DigiLocker, government bodies, statutory authorities or regulators where required or permitted by applicable law.

Data location: Ipca states that personal data is processed, stored and transferred only within India. This statement should be retained only if confirmed for all App systems and service providers.

We do not sell personal data.

7. Data Retention

For successful candidates, relevant data may be retained as part of employee records in accordance with Ipca's applicable employee-record retention policy and legal requirements.

For unsuccessful or withdrawn applications, personal data, including selfies and profile photographs, is retained for up to 12 months after application closure and then deleted, unless a longer period is required or permitted by law or is necessary for legal claims.

You may submit a request to exercise applicable data rights before the end of the retention period. Requests will be handled in accordance with applicable law and retention obligations.

8. Age Restrictions

The App is intended for individuals aged 18 or older. If we become aware that personal data has been collected from a person under 18, we will take appropriate steps in accordance with applicable law.

9. Personal Data About Other Individuals

If you provide personal data about another individual, such as a referee or emergency contact, you should ensure that you are authorised to provide it and that any required notice or permission has been obtained.

10. Your Privacy Rights

Subject to applicable law, you may have the right to access information about your personal data, request correction or completion, request erasure, withdraw consent where processing is based on consent, raise a grievance and nominate another individual to exercise your rights in the event of death or incapacity.

To submit a request, use Account → Privacy & Security → Your Data & Rights in the App, or email careerwings.admin@ipca.com. You may also contact the grievance contact listed in Section 12.

11. Data Security and Breaches

Ipca uses appropriate technical and organisational measures to protect personal data, which may include:

- HTTPS/TLS encryption for data transmission.
- Encryption of Aadhaar information stored in the App.
- Access controls and restricted access on a need-to-know basis.
- Secure server infrastructure hosted on AWS within India, where applicable.
- Security reviews and vulnerability assessments.

Personal data breaches will be handled and notified to affected individuals and relevant authorities as required by applicable law.

12. Contact and Grievances

For questions, privacy requests or grievances relating to this Privacy Policy, contact:

Ipca Laboratories Ltd
Plot No. 142 AB
Kandivli Industrial Estate, Kandivli West
Mumbai, Mumbai Suburban District
Maharashtra – 400067, India

The designated Grievance Officer or Data Protection Officer details should be added here, if applicable.

13. Changes to This Policy

We may update this Privacy Policy from time to time. We will communicate material changes through the App or by email where appropriate. The revised policy will state its updated effective date.
